### Coverage for your lifestyle

The length of the term that you choose for your loved one may reflect the stage of life you've both reached. For instance, if you have elementary-school age children now, you may choose a 20-year term that continues life coverage protection on your spouse until your kids graduate from college. Similarly, you may choose a 10-year term if you are close to paying off your mortgage, or want enough coverage to see you through until you reach retirement.

Your Spouse LPT coverage can help provide your family with important protection during the time when you need it most.

### Up to \$2 million available

You must submit an application and be approved for coverage. If, after you enroll in the Spouse LPT Plan, you decide you need even more coverage, you don't have

to go without—you can request additional coverage on your loved one under this Plan.

And like participants in other AICPA life plans, Spouse LPT Plan participants are eligible to receive cash refunds. Refunds, paid by the Trust out of premium refunds received from Prudential, aren't guaranteed, but have been paid every year since the AICPA life plans have been offered.

### Predictable protection

In these uncertain times, it's important to know how much it's going to cost to help protect your family with life insurance. Spouse LPT allows you to maintain your cost during your chosen term.
